

FIRESIDE CHAIR SAPARELLA

Designer

Michel Ducaroy

Technical characteristics

A re-release of a pioneering model from 1965, Saparella consists of a fireside chair, a diabololo and a footstool. This modular range of seating enables one to create and modify one's room arrangement as desired. This composition, with its rounded, airy lines, issues an invitation to relaxation and conviviality. The diabololo, the central element, draws inspiration from the toy of the same name. Its concave outline enables elements to be slotted together - since the fireside chair is convex - to create a comfortable seat offering three seat places. The settee is made from two fireside chairs with a diabololo in the centre. The three elements are held together by a linking-piece made from mirror-polished stainless.

CONSTRUCTION Base and sides in polyether foam 28kg/m³ - 4.8kPa. The three items sit on a ventilated fabric base. **COMFORT** Seat and back made from high resilience polyurethane Bultex foam (36kg/m³ - 3.2 kPa), clad in a comfort layer of high resilience polyurethane Bultex foam (38 kg/m³ - 3.6 kPa). **MAKING-UP** Cover quilted with 200g/m² polyester. 5mm baguette stitch. Removable covers.

DIMENSIONS

Height 680 mm | Width 780 mm | Depth 1,000 mm | Seat height 340 mm |
Seats 1 | Weight 13 kg
