

## OCCASIONAL TABLE KARUMA

### Designer

Eric Jourdan

### Description

Black lacquered steel base. Base and top in solid whitened oak.

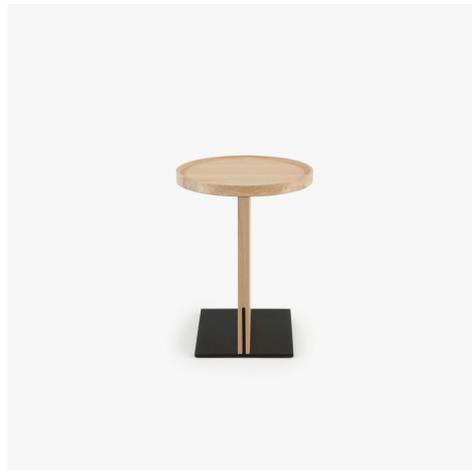

### Technical characteristics

Eric Jourdan : "The Karuma range has been designed to get closer to an economical script around the work on proportions and a choice of very pure materials. We can feel close to Japanese architecture or furniture designed by Jean Michel Franck. Overlays and recesses replace woodwork details, raw steel substitutes to sophisticated wood species. The formal simplicity of the whole is a sign, an appeal to go to the essential."
