### Designer

Eric Jourdan

### Technical characteristics

OKURA is the name of a very nice hotel in Tokyo which combines the past with modernity a little like the curves of this new settee. A highly seductive model with its association of irreproachable lines and incomparable comfort, Eric Jourdan's Okura seating is completely in the spirit of our collection. Okura is an urban, international product which will be shown to best effect in a pared-down setting, a New York loft perhaps, or a designer apartment in Berlin, or a Haussmannian building in Paris.
