

# 148

## Designer

Pierre Guariche

## Technical characteristics

In 1953, the founders of Meubles TV, manufacturers ahead of their time, who encouraged the design and production of mass equipment, contacted Pierre Guariche, who designed the 140 series for them. The sideboard, named 148 in their catalogue, will be their iconic model. Made of a stained ash veneered wooden crate and a black lacquered metal base, this small sideboard is equipped with a row of 4 drawers on its left and a single sliding door on its right. The sideboard comprises four drawers and a sliding door. The 148 sideboard is made of stained ash veneered MDF, the drawer front is in stained solid ash. The handles and the base are in black lacquered metal.
