

FOOTSTOOL COMPLETE ITEM OTTOMAN

Designer

Noé Duchaufour-Lawrance

Technical characteristics

It was while working on a concept for a hotel in Marrakech that the designer had the idea for this model, inspired by the traditional Moroccan footstool. The project never got off the ground but we were captivated by the oriental charm of this piece, filled with 'zenitude', comfort and wellbeing. Noé Duchaufour-Lawrance, through his work on quilting and colour, knew how to bring the creative 'added value' which has rooted the model in modernity, 'for keeps'.
