

SHADE SMALL GOLD PARACHUTE

Designer

Nathan Yong

Description

Shade in matt gold steel wire (Ø 3 mm). 1, 2, 3, or 4 shades may be combined, either upright or inverted, to create a multitude of different suspended lights. That said, compositions must be symmetrical at the very least, with more shades angled downwards than upwards.

Technical characteristics

Shade in satin black lacquered (Ø 3 mm) or matt gold (Ø 3 mm) steel wire. It is possible to mount 1, 2, 3, 4, 5 or 6 shades upside-down or right side up to create a multitude of different suspended ceiling lights. However, it is not possible to create compositions completely as you like, in that it is vital to always be symmetrical at the very least, with more shades pointing downwards than upwards. The electrical fittings (to be

Dimensions
