

BED SETTEE WITH 2 ARMS CLAM

Designer

Dubreil & Pilato

Technical characteristics

Clam is a bed-settee with an easy-to operate system which enables it to offer just as much comfort as a settee as it does as a bed. Its meticulous finish and apparent lightness enable it to be viewed from all sides and to offer a soothing cocoon in settee position and a generous sleep area when used as a bed. When located in the centre of a room, it becomes an island of relaxation for reading or resting. **CONSTRUCTION** Two mechanically-soldered frames linked by 3 sets of articulated ratchets. Armrests with structures in soldered tubing clad in injected foam. Armrests and structure clad in 100g/m² polyester quilting. Metal structure of base finishes in Epoxy black lacquer and clad in stained solid wood. **COMFORT** The seat and back are identically composed of high resilience polyurethane Bultex foam (38 kg/m³ - 3.6

Dimensions

Height 890 mm | Width 2,420 mm | Depth 1,050 mm |
Seat height 400 mm | Seats 3 places | Weight 114.5 kg
