

OVAL DINING TABLE BASE IN BLACK STAINED ASH ENNÉA

Designer

Vincent Tordjman

Description

This table can accommodate 8 diners.
Base in solid ash. 6 mm thick top in white
marble-effect full body ceramic
stoneware or Marquinia ceramic
stoneware, glued onto a 10 mm thick
glass support (total thickness 16 mm).

Technical characteristics

The Ennea dining table (Ennea stands
for the Greek number 9) rests on a base
composed of three identical 'rectangular'
triangles made from solid wood. Three
triangles, three sides: these nine
segments form nine vectors, nine
directions within the space which form an
arrangement which is at once simple and
sophisticated. The construction recalls
the pyramidal structure of a crystal, both
light and robust. Here, it is all about
balance and tension, more than a static
design. The assembly method is simple
but gives an impression of sophistication.
This table can accommodate from 6 to 10
diners.
